Dear :

Recently a team of 24 members from our World Bank project 'Jalswarajya' had visited your organization in Trichy (Tamilnadu). I discussed with some of them, all participants got very good inputs about self help groups, income generation activities especially Napkin production unit. They have also given a feedback that the programme was extremely useful and some of the ideas can be replicated at the field level in Maharashtra also. They also felt the exposure visit enhanced their experience in gender related issues.

I am very thankful to you and all 'WOMEN' faculty and staff for arranging this visit programme in an excellent manner. I and some more member of the project look forward to visit your organization in the near future.

Your Sincerely

(P. Velrasu)
